Groundwater Recharging:

Developing innovative strategies to recharge aquifers, ensuring long-term water sustainability.

Denta is a growing water and infrastructure solutions companies engaged in design, installation and commissioning of water management infrastructure projects with expertise in ground water recharging projects. It also undertakes the operations and maintenance of water management infrastructure projects for a specific contractual period. In addition, Denta also undertakes construction projects in the field of railways and highways. Denta is one of the few companies in India having experience and expertise in design, installation, commissioning, operations and maintenance of ground water recharging using recycled water.

Results Highlights

FY2025 marked a strategic inflection point for the Company, driven by operational scale-up, financial strengthening, and a successful public listing. Despite a marginal dip in reported revenue—attributable to project execution cycles and billing timelines—the Company maintained healthy margins, improved its net worth, and significantly reinforced its liquidity position.

The completion of the IPO during the year not only enhanced the capital base but also enabled a disciplined, phased deployment of funds toward working capital and general corporate needs. This positions the Company with ample flexibility to meet execution demands and capitalize on future opportunities.

Revenue analysis

- ✓ The Company has registered revenue of Rs.2032.85 million for FY2025 as compared to Rs.2,385.98 millions for FY2024.
- ✓ Our revenue recognition is tied to project milestones and certified billings from the clients (government).
- ✓ Although projects are advancing according to schedule, delays have occurred in the procurement and receipt of customized materials and specialized treatments, which have impacted receipts in the final quarter of FY2025. Management anticipates that these transactions will convert into substantial revenue in the first half of FY2026.
- ✓ The company has a strong order book and pipeline, positioning it well for future growth and profitability.

Margin Analysis

The Company improved EBITDA margin to **35.63%** and improved its PAT margin to **26.03%**, reflecting disciplined cost management and operational efficiency.

Metric	FY2025	FY2024	Trend
EBITDA Margin	35.63%	34.53%	▲ Improved
PAT Margin	26.02%	25.34%	▲ Improved

As on March 31, 2025, the Company's balance sheet reflects a significant strengthening post-IPO. With a robust equity base, minimal debt, and healthy cash reserves, we are well-capitalized to support future growth. The build-up in receivables and inventory is aligned with our execution pipeline, and our strong liquidity position ensures operational resilience and financial flexibility in the year ahead.

Cash Flow Position

During FY2025, the Company experienced a temporary dip in operating cash flows due to an increase in trade receivables and inventory, consistent with the scale-up in project execution and timing of billings. However, overall liquidity remains strong, supported by the successful equity infusion during the year and prudent treasury management.

With a healthy cash position and virtually no debt, the Company is well-equipped to support ongoing execution. Operating cash flows are expected to normalize in the coming quarters as receivables convert, and project billings accelerate. The cash flow position continues to reflect strength and readiness for future growth.

Strategic Highlights

- 6x growth in revenue from ₹321 million in FY 2020–21 to ₹2,033 million in FY 2024–25
- Sustained growth in flagship sector
- Water Management accounts for ~97% of FY 2024–25 revenue
- Revenue base has diversified with new segments
- Debt-light model ensuring financial flexibility
- Consistent growth in Billed Revenue over the years
- Strong Order Book in Hand
- Expansion into high-potential infrastructure verticals like railways and roads, now supported by dedicated execution teams.
- Strengthening vendor ecosystem for timely procurement and cost optimization.

IPO Fund Timing, Project Phasing, and Strategic Outlook

"With a strong order book, strengthened balance sheet, and focused execution strategy, we are well-positioned to deliver accelerated and sustainable growth in coming years."

— Manish Shetty, Managing Director

Denta Water and Infra Solutions Limited is poised for a new phase of accelerated growth, backed by a robust order book, operational efficiency, and a debt-light balance sheet. With the infusion of IPO proceeds, the company is well-equipped to scale execution across multiple ongoing and upcoming projects.

Our unwavering focus on the Water Management sector, coupled with strategic diversification into railways and road infrastructure, positions us to tap into emerging opportunities in India's public infrastructure development. As we continue to enhance our execution capabilities, expand geographic reach, and invest in technological innovation, Denta aims to deliver consistent, sustainable, and profitable growth—creating long-term value for all stakeholders.

The company remains committed to sound governance, environmental responsibility, and operational excellence as it charts a path toward becoming a leading infrastructure solutions provider in the country.

While FY2025 saw a marginal decline in revenue compared to the previous year, on account of delay in work certifications thereby delaying the realization.
